Career Plans

The class of 2014 continued to face a challenging job market with delayed hiring timetables and lower RN turnover due to more experienced nurses remaining in the hospital workforce. The majority of BSN graduates who responded to the survey continued to move into clinical nursing positions. Most students accepted positions in the Philadelphia area, New York City, New Jersey or the Washington D.C. area. The average salary for full-time employed graduates has increased slightly over the past year.

Employment Summary

Average Salary, FTE: $59,264 (35 responses)
Range: $34,862 - $85,000
