### Methodology

Students were asked via several e-mail requests during Spring 2015 to complete an online version of the Career Plans Survey. Follow-up emails were sent and phone calls made between May and November 2015 to those students who had not responded or had previously indicated they were "still seeking." Additional follow-up was done by checking LinkedIn profiles and then confirming the status of what was found there either by phone call or email. Only information individually verified by the student was included in response rate.

A total of 1,192 responses were received, resulting in an 77% response rate.

Prepared in February 2016 by:
Anne Marie Gercke, Associate Director
Alyssa Perkins-Chatterton, Administrative Assistant
Alina Ispas, Graduate Assistant
