Comments: Professional Nurse Externship. For students who have completed one hospital-based clinical experience and want to expand their clinical expertise in an acute care setting in the role of a Patient Care Technician. PCTs maintain Main Line Health's established standards of practice by assisting the RN with patient care and providing efficient and effective patient service. Specific nursing-related and diagnostic duties are expectations of this role including 12-lead EKG, phlebotomy, vital signs, and a variety of treatments. PT hours in a variety of unit/clinical specialties.

During the summer Nurse Externs work a minimum of 24 hours/week including an every other weekend commitment. You will be scheduled based on patient/unit needs but need to be available to work day, evening, and night shift. The Professional Nurse Extern position is a paid, part-time, no benefits position. Nurse Externs can work additional hours based on staffing and patient care needs. Additional hours may be scheduled through the Patient Care Manager or the staffing office.

Nurse Externs are expected to work every other weekend and may request additional hours over the holidays to maintain their competencies. Patient Care Managers are flexible with schedules once classes resume. During senior year Nurse Externs will be invited by Nursing Management or Human Resources to apply for the

PROFESSIONAL NURSE INTERNSHIP PROGRAM. Opportunities for that year will be discussed and if accepted you will be promoted to a full-time Nurse Intern with a competitive salary and the opportunity for full-time benefits with the first of the month after your promotion.
