Highlights

Career Services surveyed Penn undergraduates to gather information about their experiences over the summer. In the Fall of 2009, career counselors distributed paper surveys at On-Campus Recruiting orientations and Career Services workshops and emailed students and academic departments an online version of the survey.

A total of 828 College of Arts and Sciences (CAS) students participated in the survey, which is an 8% increase from last year's response rate. Out of the estimated 1,600 students in the Class of 2010, 352 responded to the survey, which is a 4% decrease from last year's rising seniors.
