## INDUSTRIES EMPLOYING WHARTON INTERNS

### ADVICE FROM THE CLASS OF 2006

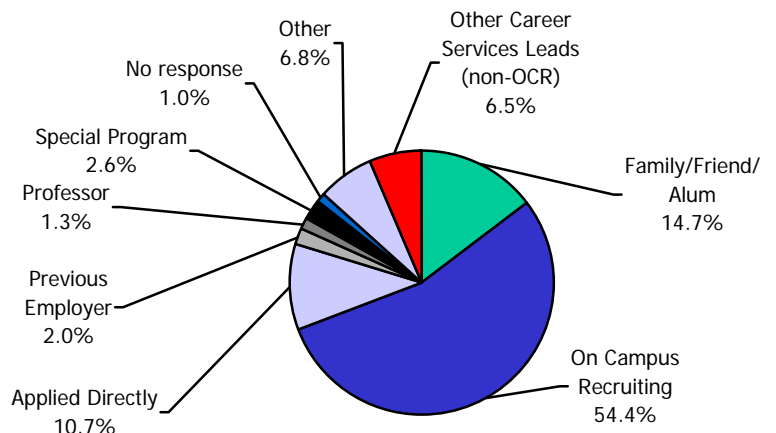

*Spend as much time as you need to first figure out what you would ideally like to do, then focus as much as possible on those jobs first.*

*Network with people who are willing to serve as your mentor and develop relationships with senior people who will look out for you.*

## HOW STUDENTS OBTAINED INTERNSHIPS

### MORE ADVICE....

*Just be yourself! Most people can see when you are truly passionate about this job and when you are not, no matter how hard you try to hide it. More importantly, the summer is a time to test out whether or not you will enjoy the job...*

Prepared by Barbara Hewitt,  
Associate Director, Career Services,  
University of Pennsylvania  
March 2006.

## Compensation

Salary statistics are based on those 274 students who worked full-time during the summer and reported salary data. Percentages of responses related to monthly salaries are also based upon those 274 students.
