Industries Employing Wharton Interns

Students interned in a variety of industries, with the most popular being investment banking, consulting, and investment management.

Almost 62% of the students obtained their internships through the On-Campus Recruiting program or other Career Services leads. Networking also proved useful to many students in finding opportunities.

Advice from the Class of 2008

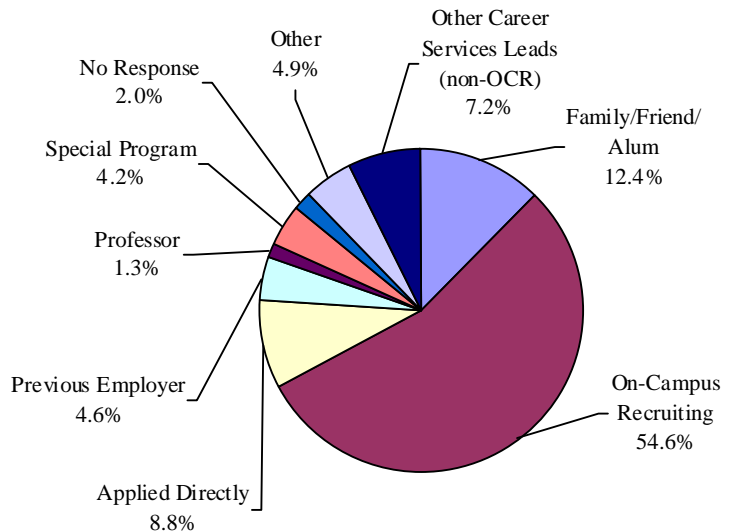

“Reach out to alumni at different organizations/divisions other than those who just come for OCR. They may open doors for you.”

“Definitely make use of mock interviews, whether offered through Career Services, or with mentors you have through other organizations.”

“Use networks through friends and family.”
