1. Introductions: welcome to new members – Chair Andrew Binns welcomed SHIAC members who then introduced themselves.

2. Aetna Student Health plan performance update – Julie Degerome and Susan Pearson presented plan performance and utilization information to date. Approximately 400 fewer enrollees to date than last year's total. Loss ratio remains near target 80%.

3. Aetna Student Health health care reform discussion – Student health insurance plans have been historically classified as limited duration insurance policies. However, since student health plans are neither group nor individual policies (as addressed in Health Care Reform legislation), clarification is necessary from HHS. Requirements for no limits for essential health benefits will need to be addressed by SHIAC. Aetna Student Health has voluntarily complied with dependant coverage to age 26.
